

2023 PUBLIC SAFETY AVIATION CONFERENCE
ECHO SAN DIEGO
AIRBORNE LAW ENFORCEMENT COURSES

CONFERENCE GUIDE

www.echoflightcrew.org

WE ARE THE VOICE OF PUBLIC SAFETY AVIATION

OUR MISSION

ECHO provides free to low-cost education, high-quality training programs, crew member and program support, and networking opportunities to public safety aviation members around the world.

OUR VISION

ECHO will be leaders in improving the global public safety aviation industry through premier training opportunities, advocating for cutting-edge safety practices, and supporting the health and wellness of program personnel.

Every Coast Helicopter Operations, a volunteer-run 501(c)(3) nonprofit organization, was re-branded in 2018 due to a growing interest from flight crew members and public safety aviation organizations around the world. Originating on the east coast, ECHO membership and conference attendees now represent all parts of the United States, as well as countries from Europe and the Caribbean Islands, respectively. True to our organization's values, our mission to improve the quality of service and safety of programs around the world is accomplished through the alliance of our corporate sponsors and industry partners. Join us in 2023 for our largest events yet!

Course Descriptions

Tactical Flight Officer/Pilot Infrared Tactics Course

The aircrew thermographer course helps you maximize the ability of your law enforcement helicopter, thermal imager, and searchlight.

Students will be instructed on topics such as law enforcement crew resource management, aviation safety, infrared technology, suspect apprehension, aircraft positioning, vehicle pursuits, and many other applicable airborne law enforcement topics. This is the **ONLY** course of its kind worldwide.

FLIR Certification Course

By fulfilling attendance in Tactical Flight Officer/Pilot Infrared Tactics Course along with Brian Spillane's (TELEDYNE FLIR) (4 hour) instructional module on Day 2 students will receive a FLIR User Certification.

Sideshow Enforcement Course

This course is designed to provide instruction to prevent and deter illegal sideshows. Instruction covers every facet of Sideshow Enforcement including the Dangers of sideshows, their evolution to what they have become today, tactics and failed tactics previously attempted, Officer Safety in enforcement, proven tactics in shutting down and deterring sideshows, legal implications, and establishing local ordinances and prosecution of arrests and citations.

Sideshow Enforcement is recommended for current airborne law enforcement Officers and units, patrol officers, commanders, and special operations personnel that may be tasked with enforcement at sideshow events.
